Graphics Assignment

Aditya Khandelwal

OVERVIEW

A game similar to subway surfer is made in webgl and have features similar to it.

Shader Tasks

- Make the world grayscale temporarily (using a button)
- Most of the objects are textured.
- Make the walls flash periodically.

Controls

- Left / Right => Arrow keys
- Jump => w
- Grayscale => g
- Duck => Down Arrow key

Bonus

EXTRA Obstacles

There are 4 types of obstacles in the game.

Magnet

Taking the magnet will attract coins for a period of time.
